Meet PrimeServ Omnicare

Your one-stop service

Are you as an operator looking for a trusted partner who can take care of your entire fleet across all brands?

Different equipment from multiple OEMs, variations in cost structures and contracts, inconsistent or no service levels, and endless people to deal with can make things inefficient and expensive. In an ideal world, this would all be covered in a single, simple, comprehensive package.

Welcome to PrimeServ Omnicare – a one-stop service solution that provides complete support for all your turbomachinery equipment – regardless of manufacturer close to your operations.

For you this means OEM quality with a high local content and thus simplicity and efficiency for your fleet or plant management, while minimizing unplanned downtime and extending the lifetime of your assets.

Tailored to your needs

With PrimeServ Omnicare you can choose from a broad portfolio of service offerings tailored to your needs, covered by a single, comprehensive service agreement and designed to reduce the cost and complexity of your asset management.

Field Service

MAN PrimeServ provides a full spectrum of highly tailored field services for turbomachinery from a single source close to your operations.

Repairs

MAN PrimeServ's service teams perform overhauls, modifications, and repairs on your turbines, compressors and expanders – on-site or at a strategically located workshop near you.

Turnaround Solutions

MAN PrimeServ takes care of your entire turnaround scope in one contract. Benefit from the planning, accountability and implementation of your entire turnaround.

Revamps / Footprints

Top-of-the-shelf revamps and modifications give operators attractive options to ensure turbomachinery keeps pace with the evolution of their goals, plants and processes.

Digital & Service Agreements

Through our service agreements and digital services, you directly leverage the experience, expertise, and portfolio of a leading turbomachinery OEM.
