

Quality care for all engines

MAN PrimeServ

PrimeServ Omnicare
Maintenance, repair
and reconditioning for
all major brands

Service without limits

Quality beyond
expectations

Get first-class service and maintenance for your vessels and power plants, no matter your equipment brand.

For over a century, MAN PrimeServ has provided the best technical and mechanical support for all MAN engines and equipment. Now, PrimeServ Omnicare offers you the same level of care for all the machinery on your vessels and power plants.

This new service covers the maintenance, repair and reconditioning of engines and equipment for most major brands. Represented in all key markets and major ports, with a network of more than 100 service centers, PrimeServ Omnicare gives you 24/7 access to skilled field service personnel, dedicated to keeping your fleet working efficiently.

Consolidate your services. Reap the rewards.

Your vessels and power plants consist of engines and equipment from a range of brands, all varying in age and condition. Servicing all of this effectively can be challenging, significantly influencing your bottom line.

When you're with PrimeServ Omnicare, you gain access to one of the largest global service networks. With MAN as a single supplier, you get simplified, more efficient fleet management and a guarantee of MAN quality and reliability. Our services are designed for your peace of mind.

Get more from your network

Comprehensive after-sales service for engines, turbochargers and related equipment of all major brands, anywhere, anytime.

Our exceptional offering

PrimeServ Omnicare services include the development of tailor-made maintenance concepts, ranging from planned inspections, refits and complete overhauls, to complex repairs in the case of unforeseen events. Skilled engineers are available on site or online to complete all service requests.

PrimeServ Omnicare Maintenance

Regular engine and component overhauls keep them running optimally.

- Quality service delivered to highest OEM standards
- Planned costs with scheduled maintenance give peace of mind
- Worldwide, round-the-clock availability
- Benefit from extended, more productive engine life

PrimeServ Omnicare Repair

Bringing damaged or failed devices back into operation quickly.

- Cost-effective through-life support for a wide range of engine types
- Capacity for all major repairs, no matter the brand
- On-site supervision of local staff for maximum efficiency

PrimeServ Omnicare Reconditioning

Recalibration and refurbishment of equipment from different brands, restoring them to near perfect condition.

- Units restored to maximum efficiency to minimize life-cycle costs
- Efficient turnaround and prompt return of engines to service
- Thorough quality checks, before, during and after engine reassembly

Your exceptional value

One of the largest, most responsive service networks is at your command, leveraging MAN PrimeServ's extensive infrastructure and expertise.

Take advantage of our extensive network

- Over 100 service hubs ensure total geographic coverage
- No waiting: immediate access to service hubs near your vessels or power plants
- Peace of mind: flexible after-sales service and 24-hour support

Stay in contact with the MAN service hotline

- One dedicated point of contact
- We respond to you instantly, 24/7
- We locate appropriate service hubs to ensure cost efficiency
- We oversee every part of the supply chain to ensure value

Be certain with superior technical competence and capabilities

- 100 years of experience in marine and power solutions
- Problem solving and support from qualified engineers
- More ISO certificates than any other service provider
- We use only tested, high-quality components

Services and work rates vary by region and contract. How PrimeServ Omnicare deals with OEM guarantees and spare parts may vary by brand.

Our ongoing commitment

The full operability and efficiency of your fleet or power plants is our highest priority. Dedicated service technicians are ready to put their expertise to work, ensuring your vessels and power plants operate at full capacity for longer.

Now is the perfect time to take advantage of consistent, high-quality maintenance, repair and reconditioning services for all equipment brands, with PrimeServ Omnicare.

Book a consultation with a PrimeServ representative to tailor a service agreement for your specific needs.
